Shift to blended learning to transform education

Blended learning has the power to reinvent education, but the transition requires a new approach to learning and a new skillset for educators. Loaded with research and examples, *Blended Learning in Action* demonstrates the advantages a blended model has over traditional instruction when technology is used to engage students both inside the classroom and online. Readers will find:

- Breakdowns of the most effective classroom setups for blended learning
- Tips for leaders
- Ideas for personalizing and differentiating instruction using technology
- Strategies for managing devices in schools
- Questions to facilitate professional development and deeper learning
