Daisy Dooley Does Divorce Anna Pasternak
For Daisy Dooley, the only thing worse than being 39 and single is being 39 and divorced. A self-professed self-help addict, Daisy leaves the marriage she thought would forever rescue her from the angst of will he or won't he call, coping with painful setups from well-meaning friends, and lonely Saturday nights, only to return to the painful--and painfully funny--world of dating.
Supported by her two best friends, one commitment-phobic single serial dater and one picture perfect happy wife and mother of two whose marriage sets the standard in happy marriages--at least from the outside--Daisy must find her way back through the awkward mating rituals that accompany relationships with the post-divorcee rebound man, and the passionate tweny-something eager to date a "mature woman," and battle the longing to be with the one true love who eluded her years before.
In the end, Daisy Dooley does date who she deserves, and delivers a lot of laughs and lessons along the way.
