Grants for Christian Ministries and More (Christian Foundation Grants Library) William F. High There are over 1.5 million nonprofits in the United States, but only about 110,000 grant-making organizations. In order to effectively compete for grants, an organization must learn how to write effective, compelling proposals.

However, this isn't just another book on fundraising--it's about how your church or nonprofit can receive grants...*and more*. This collaborative work takes some of the best at their craft--planned giving advisors, nonprofit attorneys, federal grant writing experts, relationship managers, and more--and has each contribute a chapter.

Along with expert tips, gain a solid overview of the grant process, building funder relationships, writing a grant, preparing a budget, and federal grant writing. The "and more" of the book's title includes topics like planning giving, creative alternatives to foundation grants, and upcoming demographic issues that call for charities to adjust like never before. Advance your ministry to the next level of funding...and more.
