MCAT Biology and Biochemistry: Strategy and Practice (MCAT Strategy and Practice) Bryan Schnedeker
Get the most realistic practice available for the MCAT's Biological and Biochemical Foundations of Living Systems Section. Next Step's Strategy and Practice books give you a focused review of several different approaches to MCAT problems, and then offer the single most important resource an MCAT student needs: full timed section practice. Test your skills by completing practice sections and then build upon them with the most thorough explanations available in any MCAT prep book. Unlike most other books (that simply give you an answer key and maybe a short description of the right answer), all of Next Step's Strategy and Practice books show you how to do a thorough breakdown of the passage itself and then follow that up with a careful analysis of the question and every answer choice. Those who purchase a Next Step book also get free access to our online MCAT diagnostic test.
