OBAMA vs. ISIL, FICTION vs. FACTS, ISLAMOPHOBIA AND THE MEDIA: Fourth World War
Abo-Elhak El-Hakani
This book (booklet) will give the reader the facts to answer the questions: Is Islam a religion of peace or terror? Is Obama a Commander In-Chief or Commander In-Cheat? Is Obama leading or misleading the people? It is written for busy intelligent people with limited time to read. It MUST BE READ CAREFULLY by every one who wants to know the truth of the Jihad, and wants to protect humanity, life, freedom, family, well being, property, and the society around us. I want to show the facts, inform the people and the decision makers about the truth, and explain the inexplicable atrocities of the Jihadists and the Islamic justifications for their atrocities. The book states the true teachings of Islam according to the original Islamic sources. I discussed Islamophobia and the effect of Islamic terror on it, and how the media and Moslems are misleading the world, and how Moslems give the strongest proofs to their deception. I explained the different standards applied to determine if someone is misusing his freedom of speech and religion to insult or slander others. I analyzed many of Obama's statements, actions, and inactions, discussing if he is Commander In-Chief or Commander In-Cheat, leading or misleading the USA, and showing the impact of his actions and inactions (including his relationship with Islamists, not taking action to stop the slaughter of non-Moslems, Hillary's scandals and lies, the disaster of Benghazi, Bergdahl, Osama Bin Laden, and Syrian migrants crisis). I explained the Third World War, and tried to show how the Fourth World War should be fought. I am making this book an academic study, by stating the facts with some clarifications whenever possible. I avoided stating my opinion as much as I could, to leave every one to build his own opinion according to his standards.
