Pro Node.js for Developers Colin J. Ihrig

Since it’s creation in 2009, Node.js has grown into a powerful and increasingly popular asynchronous-development framework for creating highly-scalable network applications using JavaScript. Respected companies such as Dow Jones and LinkedIn are among the many organizations to have seen Node’s potential and adopted it into their businesses.

Pro Node.js for Developers provides a comprehensive guide to this exciting new technology. We introduce you to Node – what it is, why it matters and how to set it up – before diving deeply into the key concepts and APIs that underpin its operation.

Building upon your existing JavaScript skills you’ll be shown how to use Node.js to build both Web- and Network-based applications, to deal with data sources, capture events and deal with child processes to create robust applications that will work well in a wide range of circumstances.

Once you've mastered these skills we’ll go further, teaching you more advanced software engineering skills that will give your code a professional edge. You’ll learn how to create easily reusable modules that will save you time through code reuse, to log and debug your applications quickly and effectively and to write code that will scale easily and reliably as the demand for your application grows.

What you’ll learn

- Install, configure and deploy Node.js apps effectively
- Understand the Node.js asynchronous programming model in detail
- Create both web and network-based Node.js applications with ease
- Learn to work effectively with varied data sources and file types
- Discover advanced software engineering concepts that will will save you time and promote code reuse

Who this book is for

This book is for developers who already have a working knowledge of JavaScript and are interested in adopting Node.js into their projects. All other concepts will be introduced from first-principals.

From reader reviews:

Ellen Wirth:

What do you ponder on book? It is just for students because they are still students or it for all people in the world, the actual best subject for that? Just simply you can be answered for that concern above. Every person has several personality and hobby for every single other. Don't to be forced someone or something that they don't would like do that. You must know how great and important the book Pro Node.js for Developers. All type of book are you able to see on many options. You can look for the internet resources or other social media.

Carolyn Brown:

The experience that you get from Pro Node.js for Developers is the more deep you searching the information that hide inside words the more you get serious about reading it. It does not mean that this book is hard to know but Pro Node.js for Developers giving you enjoyment feeling of reading. The article writer conveys their point in a number of way that can be understood by means of anyone who read the item because the author of this book is well-known enough. This specific book also makes your personal vocabulary increase well. So it is easy to understand then can go along with you, both in printed or e-book style are available. We highly recommend you for having this kind of Pro Node.js for Developers instantly.

Santiago Klein:

This Pro Node.js for Developers is great publication for you because the content which can be full of information for you who have always deal with world and still have to make decision every minute. That book reveal it information accurately using great arrange word or we can claim no rambling sentences inside. So if you are read it hurriedly you can have whole details in it. Doesn't mean it only gives you straight forward sentences but tricky core information with beautiful delivering sentences. Having Pro Node.js for Developers in your hand like finding the world in your arm, data in it is not ridiculous 1. We can say that no guide that offer you world within ten or fifteen minute right but this guide already do that. So , this is certainly good reading book. Hi Mr. and Mrs. active do you still doubt which?

Virginia Berry:

As we know that book is important thing to add our knowledge for everything. By a reserve we can know everything we would like. A book is a range of written, printed, illustrated as well as blank sheet. Every year seemed to be exactly added. This publication Pro Node.js for Developers was filled in relation to science. Spend your extra time to add your knowledge about your scientific disciplines competence. Some people has diverse feel when they reading the book. If you know how big benefit from a book, you can experience enjoy to read a book. In the modern era like at this point, many ways to get book that you just wanted.
