Overlords David L. Davidson
This is a true story about a dim, uncertain time in American history. Time frame -- post World War II. It was the birth of the Atomic Age. Many lived in fear of communism, invasion, and atomic annihilation. People lost faith. Leaders could not be trusted. Soon they began to look for other worlds for safety. Atomic energy gave mankind the power to self-destruct. An age of carelessness awakened the alien hierarchy. They are the ogres of the unworldly. Illusive, electrical units and predatorial. Human generated energy is their source of nutrition. We are their addiction.
