Strange Wings Dexter Dunphy
We are all poets; each of us is writing a poem we call our life. Poets who write poems in words understand this and take time out to share with others the shifts in awareness that occur as we pay deep attention to our ongoing experience and struggle to wrest new meaning and wisdom from the chaos of everyday life. Poems can create shifts of awareness in the reader bringing insights into how life can be understood more profoundly and lived more intensely. The 45 poems in this volume are poems of the heart, speaking of joy and pain, anger and love and of what it means to be human and alive.
