DIVINE LOVE & WISDOM/ DIVINE PROVIDENCE (NW CENTURY EDITION) EMANUEL SWEDENBORG

Divine Love and Wisdom has been called the most profound work of the Enlightenment scientist and seer Emanuel Swedenborg. It demonstrates how God's love, wisdom, and humanity are reflected in creation and in ourselves, and suggests that the act of Creation is not a mystery of the past, but a miracle ongoing in every instant of the present. Like a blueprint of things unseen, *Divine Love and Wisdom* makes visible the hidden design of the universe, as well as the qualities of its Architect. Its vivid depiction of the spiritual mechanism of the world has impressed thinkers such as William Blake, Samuel Taylor Coleridge, Ralph Waldo Emerson, and Henry James Sr.

Divine Providence is one of Emanuel Swedenborg's major works. It provides a coherent and satisfying solution to what has been called "the problem of evil": How are God's goodness and power reconcilable with evil's presences in the larger world and in the human mind and heart? By tackling an array of issues that commonly undermine belief in God, including war, suffering, and inequality—and by revealing the wise and loving laws that lie hidden behind these seemingly senseless phenomena—*Divine Providence* aims to restore our faith in the meaningfulness of the world. Despite its universal focus, *Divine Providence* is also a highly practical book on the personal level, demonstrating how we can put aside negative attitudes and behaviors and grow into positive thought and action.

This volume, which contains both works, also has an introduction by Gregory R. Johnson that puts these ideas in the context of the history of philosophy.

The New Century Edition of the Works of Emanuel Swedenborg is a modern-language, scholarly translation of Swedenborg's theological works. The series' easy-to-read style retains the dignity, variety, clarity, and gender-inclusive language of Swedenborg's original Latin, bringing his thought to life. Introductions and annotations by eminent, international scholars place Swedenborg's writings in their historical context and illuminate obscure references within the text, enabling readers to understand and trace Swedenborg's influence as never before.
