Enterprise Security for the Executive: Setting the Tone from the Top (PSI Business Security) Jennifer Bayuk

Enterprise Security for the Executive: Setting the Tone from the Top is designed to help business executives become familiar with security concepts and techniques to make sure they are able to manage and support the efforts of their security team. It is the first such work to define the leadership role for executives in any business's security apparatus.

In *Enterprise Security for the Executive*, author Jennifer Bayuk, a highly regarded information security specialist and sought-after consultant and speaker, explains protocols and technologies at just the right level of depth for the busy executive—in their language, not the tech-speak of the security professional. Throughout, the book draws a number of fact-based scenarios to illustrate security management basics, including 30 security "horror stories," and other analogies and terminology not commonly shared outside of the security profession.
