Extreme Perspective! For Artists: Learn the Secrets of Curvilinear, Cylindrical, Fisheye, Isometric, and Other Amazing Systems that Will Make Your Drawings Pop Off the Page David Chelsea
In this sequel to the classic bestseller *Perspective! For the Comic Book Artist,* David Chelsea takes perspective to a whole other level—by exploring the most dramatic viewpoints employed by today's artists. Many of these techniques have been carefully guarded secrets for centuries. But David, and his hollow-headed friend, Mugg, make them accessible to a new generation of artists, cartoonists, illustrators, and animators. In *Extreme Perspective! For Artists,* you'll learn how to

- Render complicated multi-sided objects in perfect perspective
- Create accurate shadows and reflections from your own imagination
- Master the most difficult kinds of curvilinear perspective systems
- Draw eye-popping images in fisheye perspective
- Use your computer to create elaborate scenes quicker and more easily
- … And much, much more!

Also included is a comprehensive library of perspective grids on DVD, suitable for printing or using with Photoshop and other applications.
