Since staff education is only part of your role, Beacon Health has created the Home Health Competency Management System: A Toolkit for Validation and Assessment to save you the time and hassle of measuring and documenting the skills of your clinicians. The system provides competency management program tips and detailed skill and performance assessments for nurses, therapists, and home health aides, as well as general skills that all clinicians should practice. Follow this blueprint of what competencies you need to assess and how best to assess them and you will ensure regulatory compliance and employ a staff of clinicians who demonstrate their professional aptitude and embody your high standards to the patient and their family.
