William K.-M. Lau, Duane E. Waliser

Intraseasonal Variability in the Atmosphere-Ocean Climate System (Springer Praxis Books) William K.-M. Lau, Duane E. Waliser

This is the first comprehensive review of intra-seasonal variability (ISV); the contents are balanced between observation, theory and modeling. Starting with an overview of ISV and historical observations, the book addresses the coupling between ocean and atmosphere, and the worldwide role of ISV in monsoon variability. Also considered are the connections between oscillations like the Madden, Julian and El Nino/Southern and short-term climate.
