This package includes the Enhanced Pearson eText and the bound book

The Life Span: Human Development for Helping Professionals, 4/e, **provides an in-depth look at the science of human development, highlighting theories and research that have useful applications for individuals working in fields such as education, counseling, and social work.** The main purpose of this book is to provide the reader with information that can be translated into professional "best practice" applications. Throughout, the text reflects the contemporary view that life span development is a process deeply embedded within and inseparable from the context of family, social network, and culture.

Because the book is designed for graduate students, most topics, especially those that have special relevance to helping professionals, are covered in greater depth than in a typical life span text. The expanded coverage of research in these areas will enhance students' understanding of the scientific basis for application to practice. The Enhanced Pearson eText features embedded video to illustrate key concepts and pop-up assessments to help students assess their proficiency.

From reviews of the book:

"This book is unique in that it is research-based, includes comprehensive coverage of important course topics, and offers helping professionals information about human development that will enhance service provision to clients across the lifespan."
--Mary M. Chittooran, Saint Louis University

"The writing style is clear, interesting and engaging and is at a level appropriate for my students. Nicely done. . . . [The] case studies [and] developmental psychopathology sections are strengths. . . . [The book is] well organized, well-written, broad-based . . ., [and] insightful. [I] especially liked the authors' focus on practical and applied therapies, as well as their emphasis on research-based therapies that incorporate sound principles of human developmental."
--Rosalie A. Rohm, Ball State University

"This readable, well organized text addresses the depth and scope of development. The text extends students knowledge of the material by providing a wealth of applicable information for those who are or will be in a helping profession. . . . [Compared to other available texts, this one is] far superior in terms of the balance of scope and depth."
--Kathryn Cooper, Northern Colorado University

Improve mastery and retention with the Enhanced Pearson eText*
The Enhanced Pearson eText provides a rich, interactive learning environment designed to improve student mastery of content. The Enhanced Pearson eText is:

- **Engaging.** The new interactive, multimedia learning features were developed by the authors and other subject-matter experts to deepen and enrich the learning experience.

So , for all you who want to start examining as your good habit, you are able to pick The Life Span: Human Development for Helping Professionals with Enhanced Pearson eText -- Access Card Package (4th Edition) become your starter.

James Stevens:

You can obtain this The Life Span: Human Development for Helping Professionals with Enhanced Pearson eText -- Access Card Package (4th Edition) by check out the bookstore or Mall. Simply viewing or reviewing it can to be your solve difficulty if you get difficulties for your knowledge. Kinds of this guide are various. Not only by written or printed and also can you enjoy this book through e-book. In the modern era including now, you just looking of your mobile phone and searching what your problem. Right now, choose your own ways to get more information about your publication. It is most important to arrange you to ultimately make your knowledge are still change. Let's try to choose proper ways for you.

Donald Burgess:

As a pupil exactly feel bored to help reading. If their teacher questioned them to go to the library in order to make summary for some guide, they are complained. Just minor students that has reading's internal or real their pastime. They just do what the professor want, like asked to go to the library. They go to right now there but nothing reading really. Any students feel that reading through is not important, boring in addition to

can't see colorful photos on there. Yeah, it is to get complicated. Book is very important for yourself. As we know that on this time, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. So , this The Life Span: Human Development for Helping Professionals with Enhanced Pearson eText -- Access Card Package (4th Edition) can make you sense more interested to read.
