Empire of Fear: An Epic Vampire Novel

Brian Stableford

Empire of Fear: An Epic Vampire Novel Brian Stableford
In an epic novel the *Washington Post* called “riveting,” Brian Stableford brilliantly imagines a world ruled by a powerful aristocracy of vampires: long-lived, extraordinarily handsome humans who are immune to pain but must drink the blood of their common subjects. The story begins in seventeenth-century London and spans three hundred years—moving from England to the heart of Africa, to Malta, and finally to the New World. Edmund Cordery, Mechanician to the court of Richard Coeur-de-Lion, believes that vampire beings must have a natural explanation. But when his discoveries make him dangerous in the eyes of his masters, Edmund entrusts his learned secrets to his son, Noell, who in turn becomes a fugitive. When he returns to Europe he faces the awesome might of Coeur-de-Lion and the infamous Vlad the Impaler. This classic has been translated into five languages and “turn[ed] the typical vampire story on its ear” when it was published, according to the *San Francisco Chronicle*.
