The Inside Guide to the iPad for Seniors: Covers up to the Pro & iOS 9 P. A. Stuart
This book has been written specifically for the older reader who may struggle to get to grips with the iPad. Jargon and computer-speak are kept to the minimum and explanations and descriptions are as straightforward as possible. We explain all the iPad's functions, including the Internet, email, messaging and social networking, photography & video, and leisure activities such as reading, music and watching movies. You will learn how to operate your iPad, set it up to suit your personality and needs, and keep it running smoothly and securely. We guarantee that, whatever your initial level of expertise, by the time you have finished reading the book, you will be using your iPad like a pro. Quite simply, it tells you everything you need to know about this incredibly useful device.
