Brainfluence: 100 Ways to Persuade and Convince Consumers with Neuromarketing Roger Dooley

Practical techniques for applying neuroscience and behavior research to attract new customers.

Brainfluence explains how to practically apply neuroscience and behavior technology and behavior research to better market to consumers by understanding their decision patterns. This application, called neuromarketing, studies the way the brain responds to various cognitive and sensory marketing stimuli. Analysts use this to measure a consumer's preference, what a customer reacts to, and why consumers make certain decisions.

With quick and easy takeaways offered in 60 short chapters, this audiobook contains key strategies for targeting consumers through in-person sales, online and print ads, and other marketing mediums. This scientific approach to marketing has helped many well-known brands and companies determine how to best market their products to different demographics and consumer groups.

?Discover ways for brands and products to form emotional bonds with customers
?Find ideas for small businesses and non-profits
