Kaiser Wilhelm II (1859-1941) was a key figure in German history as it followed its fatal course from Bismarck to Hitler, and this book presents a detailed account of the first half of his reign. Concerned primarily with the question of who controlled Germany's powerful machinery of government, the text focuses on how the country's domestic and foreign policy was decided upon, and the issue of the continuity (or inevitability) of German history from the foundation of the Second Reich by Bismarck to Hitler's Third Reich.
