The step by step guide will help you learn how to draw from scratch. You have an opportunity to learn how to draw several mythical beings, including a griffin, elf, gnome, centaur, mermaid and the eye of a dragon. Why start drawing in the first place? Like any other type of art, drawing is an amazing hobby, which helps you forget about the life’s problems. Once you get in the “flow”, you will forget about everything that has been pressing you and focus totally on creating art. Apart from stress fighting attributes, drawing is also great to open up your mind and broaden your thoughts. Producing art is not possible if your mind is closed. If you think about it, you will see that a huge majority of artists were extremely open minded, some even so much that people considered them strange, like Salvador Dali or Vincent Van Gogh, for example. Another good reason to start learning to draw right away is that it may turn out that you’re very good at it. Who knows – you might be the next Jackson Pollock, just you still don’t realize it. But even if you don’t make a lot of money from drawing, you can still see how many good things this practice gives to you by just being an interesting hobby. Drawing mythical creatures to your friends and family will certainly come with their praise, making you happy in return. The final reason why you should continue reading this book is that drawing is fun. Even simple doodling, can be quite a lot of fun, but imagine how fun it is when you know how to draw your favorite mythical beings. Whether you’re a huge fun of Lord of the Rings, Game of Thrones and similar fantasy movies and series, or you just have wild imagination, with the help of this book you will get to know how to draw interesting drawings of fantasy creatures. On top of that, we did our best to make this book as interesting as possible. We brought every of the creatures closer to you, teaching you not only how to draw them but all about them as well.
