A History of Ancient Greece in Fifty Lives David Stuttard

The first book to tell the Greek story through the interconnecting lives of the men and women who shaped its politics and literature, its science and philosophy, its art and sport

The political leaders, writers, artists, and philosophers of ancient Greece turned a small group of city states into a pan-Mediterranean civilization, whose legacy can be found everywhere today. But who were these people, what do we know of their lives, and how did they interact with one another?

In this original new approach to telling the Greek story, David Stuttard weaves together the lives of the movers and shakers of the Greek world into a continuous narrative, from the early tyrant rulers Peisistratus and Polycrates, through the stirrings of democracy under Cleisthenes to the rise of Macedon under Philip II and Alexander the Great and the eventual decline of the Greek world as Rome rose. Moving from Sicily to Afghanistan, and from Macedonia to Alexandria; delving into the worlds of mathematics and geography, rhetoric and historiography, painting and sculpture; exploring the accounts of historians and mystics, poets and dramatists, political commentators and philosophers, this book creates a vivid picture of life in all arenas of the ancient Greek world. As well as the most famous politicians and writers, in these pages the reader will meet less well-known figures such as Milo, the Olympic wrestler who led his home town in a time of crisis; Aspasia, the brilliant female intellectual, who taught rhetoric to Socrates; and Epaminondas, the Theban who taught tactics to Philip of Macedon and so destroyed his own city. 80 illustrations, 60 in color
