Cooking with Herbs and Spices - New Revised and Enlarged Edition of an Herb & Spice Cookbook
Craig Claiborne
There is nothing arcane about cooking with herbs and spices. It is an art and an act as universal and almost as ancient as fire. It ranges from the cuisines of primitive lands where the singular spice might be ground capsicums to the more sophisticated delights of the French with the subtle fines herbes, the leeks and shallots. These are the things which a master chef ranks in spirit with butter and cream and the glorious bouquet of wine. Aside form these culinary virtues, there is sheer poetry in the very names of herbs and spices that are commonly called on to contributed countless nuances in the world of food. Savory, sorrel, basil and clove, saffron, sage and more by the score to which this book is dedicated. This book doesn't cover every possible use of every herb and spice, but it is for those who like to dine well and, on occasion, with a sense of adventure. It deals with well-known herbs and spices as well as some that are only "reasonably" known in the US. Each recipe in this book highlights specific herbs and spices, so that the characteristics of each is best brought out in the food. The chapters in this book are divided by each primary spice or herb, with recipes extensively indexed, as well.
