Doubleweave: On Four to Eight Shafts

Ursina Arn-Grischott

Doubleweave: On Four to Eight Shafts Ursina Arn-Grischott
Double and multilayered cloths are textiles made with two or more layers woven simultaneously, one on top of another. While thought by many to be difficult to construct, Ursina Arn-Grischott successfully presents the subject in an easy-to-understand fashion, opening the field to every handweaver. This book systematically introduces the principles of doubleweave and explains step by step the different aspects of construction. The many hand-drawn diagrams underline the very clear descriptions, and beautiful color photographs of double cloth show myriad design possibilities. 9.5x11", 192 pp.
