The Fog James Herbert

One of the most popular and notorious horror novels ever published, *The Fog* was immediately branded as a needlessly violent hack work, but is now recognized, thanks largely to the efforts of Ramsey Campbell and Stephen King, as a classic. Its tale of government cover-up and catastrophe is oddly prescient. This edition contains a bonus short story, the original 1975 British hardcover artwork, and a reproduction of the over-the-top American paperback artwork.

James Herbert is Britain's best-selling writer of horror fiction.
