Applied Statistics and the SAS Programming Language

Ronald P. Cody, Jeffrey K. Smith

Applied Statistics and the SAS Programming Language Ronald P. Cody, Jeffrey K. Smith
This book is intended to provide the applied researcher with the capacity to perform statistical analyses with SAS software without wading through pages of technical documentation. The researcher is provided with the necessary SAS statements to run programs for most of the commonly used statistics, explanations of the computer output, interpretations of results, and examples of how to construct tables and write up results for reports and journal articles.
