Fantomina and Other Works

Eliza Haywood

Fantomina and Other Works Eliza Haywood

This collection of early works by Eliza Haywood includes the well-known novella *Fantomina* (1725) along with three other short, highly engaging Haywood works: *The Tea-Table* (1725), *Reflections on the Various Effects of Love* (1726), and *Love-Letters on All Occasions* (1730). In these writings, Haywood arouses the vicarious experience of erotic love while exploring the ethical and social issues evoked by sexual passion.

This Broadview edition includes an introduction that focuses on Haywood's life and career and on the status of prose fiction in the early eighteenth century. Also included are appendices of contextual materials from the period comprising writings by Haywood on female conduct, eighteenth-century pornography (from *Venus in the Cloister*), and a source text (Nahum Tate's *A Present for the Ladies*).
