Rising Tide (SIRENS, Book 1) (Volume 1) T.L. Zalecki
In a future world where rising ocean levels swallow coastal cities and people scramble for resources on an overpopulated earth, the survival of the human race depends on biogenetic research to develop aquatic capabilities. The year is 2098, and it has never been more dangerous for the elusive Sirens to be discovered. Until now, the Sirens have remained eclipsed from the eyes of the human world, inhabiting an obscure, undiscovered island in the Indian Ocean. In a burgeoning discontent among the restless youth, the Sirens, led by a headstrong Mello Seaford, decide to test the waters of open society by striking a deal with the U.S. all powerful megacorporation, DiviniGen Inc. And they risk everything to do it. Has Mello led his people astray, jeopardizing their cherished island by guiding them into the hands of human greed? Will the risk prove worth it, or will the Sirens be forced to face the darkness of eternal isolation? One person may hold the key to success. From across the ocean, budding scientist Lorelei Phoenix embarks on a dangerous journey into a hidden world, one in which she finds herself connected by more than just the ancestry of her people. Is she alone capable of bridging a centuries long gap between species? When two worlds collide, the rising tide of love and acceptance will lift all boats… or sink a ship of titanic proportion.
