Murder on Marawa Prime

Vonnie Winslow Crist

Murder on Marawa Prime Vonnie Winslow Crist
Murder, romance, and flawed science experiments make for a life and death race across Marawa Prime. Two people end up dead by the end of the journey. But just who are the assassins and who are the victims? “Inventive and entertaining—a real thrill-ride!” —Gail Z. Martin, author of The Ascendent Kingdoms Saga and Chronicles of the Necromancer series “Vonnie Winslow Crist serves up some deliciously dangerous interstellar noir in Murder on Marawa Prime. One part Raymond Chandler, one part Agatha Christie, and a huge dose of her own exceptionally clean prose and understated worldbuilding, this is a fast-moving nail-biter on a planet at once iconic and alien. Just one word of warning: don't aggravate the geneered singing opossum.” —Charles E. Gannon, author of The Tales of the Terran Republic series “Just how easy is it to get away with murder on Marawa? When Flynn steps into a dead man's shoes, he's prepared for trouble. He's not expecting to fall for a woman with mismatched eyes, a troubled past and an assassin on her trail. A fast paced story of assassins, genetic engineering, singing opossums and betrayal, Vonnie Winslow Crist writes the future fantastic.” —Deborah Walker (also writes as Kelda Crich) “As a writer, editor, and artist, Vonnie is a gem of our science fiction - fantasy community” —Tom M. Doyle, author of American Craftsmen and The Left-Hand Way
