Seven Saved Sinners Or How God Saves Men: A study of God's Varieties of Religious Experiences in the Book of Acts William Ward Ayer D.D.
A careful study of that great book on evangelism, The Acts of the Apostles, will reveal that there are just seven individual conversions recorded. The study of these conversions shows that they are typical conversions, and that they doubtless present God’s varieties of religious experience. Each one portrays a distinctly different human condition, and in most cases a different emotional accompaniment. The results, from the human standpoint, often differ widely, but in every case it is the saving Gospel which brings about the change in the life, and evidences in every case the ability of an all-wise and an all-powerful God to meet human need.
