The Bloodless: Awakening Andrew Gibson
The Bloodless: Awakening is the first part of a series that follows Dr. Daniel Justice and his band of highly trained mercenaries as they attempt to reclaim a large swath of land in the U.S. Southwest that was devastated by GoD Laboratories, a big box pharmaceutical company and Dr. Justice's former employer.

They're in an all out sprint against time as innocent lives are lost and the enemy continues to ruthlessly pile up the body count. The dead serve only to bolster the opposition's ranks as they are quickly reanimated by the very device that killed them: jet black and ominous in the sky, it is simply known as "The Cloud."

The mission: Infiltrate GoD headquarters and disable The Cloud before it's sphere of destruction has a chance to expand beyond northwest New Mexico. With the United States' military already embroiled in an all out war with Russia, it's up to Dr. Justice and his crew to neutralize a threat that everyone else is ignoring.
