Ground Zero: A Repairman Jack Novel F. Paul Wilson

On September 11, 2001, a man drifts in a boat off lower Manhattan as the towers burn. He removes a small box from his pocket and presses a button. As he waits for the south tower to collapse, he thinks: No one?absolutely no one?will guess the truth behind the who and why of this day.

Years later, Jack's childhood friend, Weezy Connell, fits together the pieces of the puzzle and anonymously posts her conclusions on the Web. When someone comes after her, Jack becomes involved in her troubles and in the paranoid maze of the 9/11 Truth Movement, where conspiracy theories point in every direction.

They're all wrong. The truth is stranger, darker, and more evil than anyone can imagine. And if the plot behind it--millennia in the planning--succeeds, it will forever change life on this Earth.
