Out of Time: Desire in Atemporal Cinema

Todd McGowan

Out of Time: Desire in Atemporal Cinema Todd McGowan
In *Out of Time*, Todd McGowan takes as his starting point the emergence of a temporal aesthetic in cinema that arose in response to the digital era. Linking developments in cinema to current debates within philosophy, McGowan claims that films that change the viewer's relation to time constitute a new cinematic mode: atemporal cinema.

In atemporal cinema, formal distortions of time introduce spectators to an alternative way of experiencing existence in time—or, more exactly, a way of experiencing existence out of time. McGowan draws on contemporary psychoanalysis, particularly Jacques Lacan, to argue that atemporal cinema unfolds according to the logic of the psychoanalytic notion of the drive rather than that of desire, which has conventionally been the guiding concept of psychoanalytic film studies.

Despite their thematic diversity, these films distort chronological time with a shared motivation: to reveal the logic of repetition. Like psychoanalysis, McGowan contends, the atemporal mode locates enjoyment in the embrace of repetition rather than in the search for the new and different.
