In today's world, challenges and problems have increased, while encouragement from people, has diminished. But what many need to succeed in their different endeavors, or see themselves through difficult situations, is just a simple motivation. The right quote can get one started and succeed in almost every field of life. And that is what I intend to achieve with these my original 122 legendary and aristotical quotes, tailored to leave lasting impacts in people's lives. Check out some of the quotes in this book: • Worrying makes it hard to conquer your fear. Worrying is like giving life to an imaginary problem and start troubling that it must happen. And that is why it feeds your fear. Replace worry with hope that feeds your courage. • No one can change the world, but we all can help the world, if we contribute a little bit of our positive side to the world. • Do not be stopped by failure. See it as a spice that makes success sweeter. • Everyone deserves to earn equal wage for every corresponding work they do. Color, sex or background should not matter at all. What matters are: the capacity to create, the level of competence or expertise. It is undeveloped to underpay someone simply because of sex or other. • How battered you are passing through the storms of life does not diminish your final joy; you are a conqueror as far as you remain standing, tall above your travails. • There is no country that is homogenous, even if it is made up of just one tribe. A country flourishes when everyone accommodates and love one another, irrespective of what others do not have in common with us. I am confident, you will be empowered, inspired, and motivated in different ways, by these beautiful 122 quotes of mine, in this book.
