Garry Kasparov

Garry Kasparov on My Great Predecessors, Part 5 Garry Kasparov
This book, the fifth in Garry Kasparov's magnificent history of the World Chess Championship, catalogues the "post-Fischer" period in the 1970s and early 1980s. This period was dominated by the Anatoly Karpov (world champion from 1975 to 1985) and his three-time challenger, Viktor Korchnoi.

Anatoly Karpov gained the right to challenge Bobby Fischer for the world title by winning through the Candidates series in 1974. As is well known, Fischer refused to defend the title and in 1975 Karpov became champion "by default." Although he did not have to contest a Championship match to gain the title, Karpov proved that he was a worthy champion by winning virtually every major tournament over the next decade.

In this book, a must for all serious chess players Kasparov analyzes deeply Karpov's greatest games and assesses the legacy of this great Russian genius. Also under the microscope are the games of Viktor Korchnoi who was at his peak during this period and twice challenged Karpov for his world title.
