Spirit of the Burren: Exploring a Unique Irish Landscape Through the Five Elements Jacqueline Mary Queally
Spirit of the Burren is an insightful, thought-provoking study into one of Ireland's most unusual and most sacred landscapes. Following on from her popular books on Rosslyn Chapel in Scotland and ether earth mysteries,Jackie Queally is successfully carving a new genre she calls "spiritual geography". Through these pages readers will experience a meditative connectivity with the Burren, an area in the far west of Ireland. Taking each of the five elements in turn she views the Burren from the angles of water, wood, fire, earth and metal/ether. She concludes with an all-embracing perspective of an evolving higher consciousness that offers much hope for the future.
