This report from Business and Research Associates covers cabinet and occasional furniture in the main living areas. Whilst the market has shown steady growth in recent years, most of these extra sales have been taken by imports, particularly from Malaysia, China ,Italy , and Denmark. Imports account now for over 50% of the market. The Silentnight Group (with brands Homeworthy, Silentnight, Ducal, Stag, and Nathan) is the leading supplier but the rest of the market remains very fragmented.
